

# TIMBER ALLOY SERIES

DAKOTA STEEL & TRIM'S BOARD & BATTEN  
OFFERING

# PICTURE THIS

A WORLD WHERE YOUR HOME IS NOT JUST A SHELTER, BUT A STATEMENT.

A testament to your taste, your style, your vision. The Timber Alloy Series is not just a product line; it's a transformation. Each board and batten piece is crafted with precision, designed to withstand the elements while exuding elegance and strength.

FOR THE PAST 20 Years, homeowners have been yearning for more. Their hunger for innovation and imaginative designs runs deep through their veins. No longer will they settle for the mundane, the ordinary, the standard horizontal siding. It's time to cast aside the shiplap, dispose of the shake siding, and embrace the future.

*projects from 2022 – 2025*

**IMAGINE THE SUN SETTING, CASTING A GOLDEN GLOW ON YOUR HOME, HIGHLIGHTING THE INTRICATE TEXTURES AND RICH HUES OF THE TIMBER ALLOY SERIES. FEEL THE PRIDE SWELL WITHIN YOU AS NEIGHBORS AND PASSERSBY STOP TO ADMIRE THE BOLD, SOPHISTICATED LINES THAT SET YOUR HOME APART.**

**THIS IS MORE THAN AN UPGRADE; IT'S AN EVOLUTION. A LEAP INTO A NEW ERA OF HOME AESTHETICS WHERE DURABILITY MEETS BEAUTY, WHERE TRADITION MEETS INNOVATION.**

**Join us in unveiling the Timber Alloy Series - where your home becomes a masterpiece, a sanctuary, a beacon of modern design.**

**Dakota Steel & Trim invites you to step into the future. Are you ready to transform your home?**

# What is PermaGuard?

**PermaGuard** uses the Kynar 500 Paint System to ensure a luxury finish without sacrificing any durability. When using PermaGuard, expect years of endurance with minimal chalking & fading

## SPECIFICATIONS:

- 28-gauge siding
- **PermaGuard** carries up to a 20 year warranty from Dakota Steel and Trim.
  - UL 790 Class A Fire Resistance Rating

**Concealed Fastener Security:** Designed with a sturdy  $\frac{3}{4}$ " x 2" metal batten and providing 10 inches of coverage, this panel ensures a sleek appearance while keeping fasteners shielded from the elements.

**Versatile Design Options:** Available in a variety of colors and finishes, the Timber Alloy Series allows you to customize your home's exterior to match your unique style and aesthetic preferences

**Fire Resistance:** Our metal siding offers superior fire resistance compared to traditional wood siding, providing an added layer of safety and peace of mind for homeowners

**Easy Installation:** Designed for straightforward installation, our panels can be quickly and efficiently applied, reducing labor costs and project timelines
